

🕒 LEARN TO TEACH ENGLISH

Take the CELTA

Overview

CELTA is the most highly-regarded and widely-recognised initial qualification for English language teachers globally.

This course focuses on practical skills and introduces you to hands-on teaching experience straight away.

Who is this for?

For people who would like to become an English language teacher and have the opportunity to teach anywhere in the world.

It is also suitable for those who have teaching experience but do not have a teaching qualification.

Real teaching experience

You will be teaching in a real classroom at a leading English language school. You will practise teaching to members of the local community who want to improve their English.

Note: We offer all English lessons with trainee teachers free of charge to students.

Our approach

You will cover the full breadth of the syllabus, but our approach to teaching will be adapted specifically to you and your peers in the room.

Practical workshops and seminars

With 120 contact hours, your workshops and seminars will focus on language awareness, phonology, language learning, teaching methodology and professional development.

Teaching practice and feedback

You will teach six hours of classes attended by volunteer adult learners of English.

Observation

You will observe a minimum of six hours of classes of experienced teachers (this may include two hours of videoed lessons).

Lesson preparation

Lesson preparation is initially supervised by the course tutors, but you will increasingly work more independently. You will build a basic toolkit which allows you to teach effectively in an EFL classroom.
