

English & German Summer School

With over 60 years of teaching expertise, we know that students learn faster and more successfully when they practise their English or German language inside and outside of the classroom.

We also understand that children learn in different ways and progress at different rates. Our teaching approach provides a dynamic environment with small class sizes (max. 12 students). Our classes focus on communication and help students improve their English or German and become confident users of the language.

Dates
